Outputs:

```
(.venv) PS D:\Internship\Day26> python task1.py
Image Loaded Successfully!
Image Resized to 300x300
Cropped Region Displayed
Converted to Grayscale
Converted to HSV
Blur Applied
Image Processing Module Completed!
Camera Started...
Press 'q' to Exit
Camera Closed Successfully
```

```
(.venv) PS D:\Internship\Day26> python task2.py
Launching Calculator...
Calculator Opened Successfully
Performing Automated Calculation...
Result Captured Successfully
Mouse Movement Started
Click Actions Completed
Drag Operation Completed
Opening Notepad...
Typing Report...
Report Saved Successfully
Full Screen Captured
Partial Screen Captured
Screenshots Saved Successfully
```
